This action is responsive to the communication filed April 19, 2004.

The following is an examiner's statement of reasons for allowance: Applicant's argument that the Prior Art does not suggest the attachment means and the retaining means as claimed is persuasive. The means plus function limitations are interpreted to be limited to the disclosed structure, and that four bolts would not reasonably respond to the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Fox whose telephone number is 703-308-2595. The examiner can normally be reached on Maximum Flextime.
